The Leprosy Burden: Gabon 2011

Introduction

Gabon

Situation Equatorial Africa
Area 267 667 km²
Population (2011) 1 878 215 (estimated)
Last census (2003) 1 517 685
 [annual growth rate ("taux d'accroissement annuel") = 2,7%]
Regions and Districts 10 Regions, 51 Districts (called "*départements*")

1. The 2011 leprosy situation

Figure 1. Gabon 2011
New case detection rate (NCDR) per 100 000 population per Region

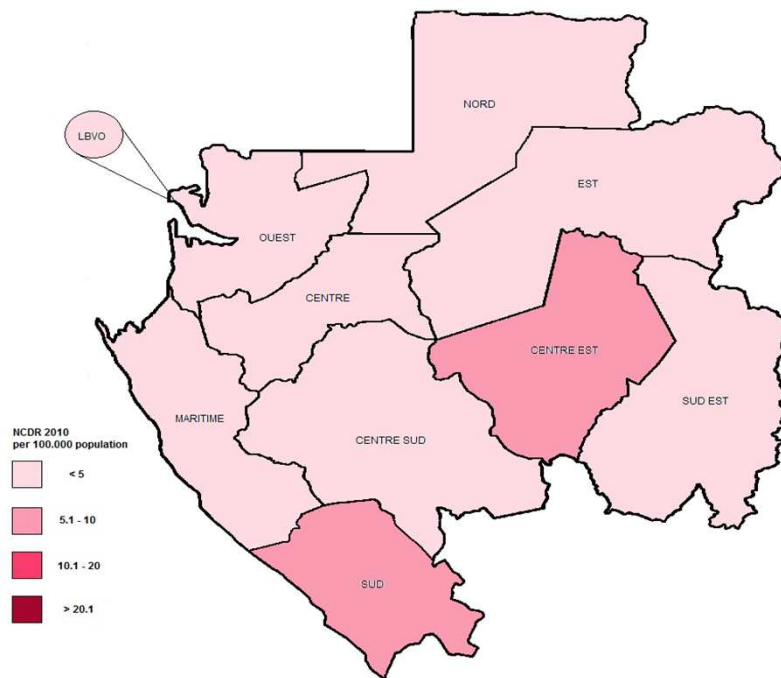

Table 1. Gabon 2011
New cases (new case detection or NCD) and new cases per 100 000 population (NCDR)

New cases of leprosy	32
New cases per 100 000 population	1,7

Table 2. Gabon 2011

Number of **children** (< 15 years) among new cases of leprosy and proportion

1
3.1%

Table 3. Gabon 2011

Number of new cases of leprosy with **grade 2 disability** and proportion

10
29%

Table 4.

New cases (NCD) and new cases per 100 000 population (NCDR) of leprosy per Region in Gabon in 2011

2011	Region	estimated population	NCD	NCDR (per 100 000)
1	Centre Est	66.947	4	6,0
2	Sud	51.026	3	5,9
3	Centre Sud	101.091	4	4,0
4	Centre	64.031	2	3,1
5	Maritime	158.004	3	1,9
6	Est	69.040	1	1,4
7	Sud Est	283.186	4	1,4
8	Nord	165.761	2	1,2
9	LBVO	961.639	9	0,9
10	Ouest	117.662	0	0,0
	Gabon	1878215	32	1,7
