Notes, abbreviations and sources

Notes The data give only a gross indication of the Regional leprosy trends.
The countries reporting to W.H.O. are different from one year to another.
This makes comparisons imprecise.

** Available data show an imprecision for Americas and Brazil for the years 1991, 1997 and 2001
Numbers should be higher for Americas

Abbreviations

NA Data not available
NCD New case detection
WER Weekly epidemiological record
